## GOOD-BYE RHEUMATISM, BACKACHE, WEAK KIDNEYS

An unhealthy body and the unhappi-  
ness and misery which follow may be  
prevented by ordinary judgment and care.  
Keep your stomach and kidneys in shape  
and you will have good health. The kid-  
ney's work is to throw off the poisonous  
matter which enters the body. If they  
perform this work regularly and effec-  
tually the other organs will take care  
of themselves.  
Diseased conditions of the bladder or  
kidneys are indicated by nervousness,  
sleeplessness, that tired, worn-out feeling,  
dizziness, nausea, backache, lameness,  
discomfort, pain in the lower abdomen,  
many so-called "female troubles," severe

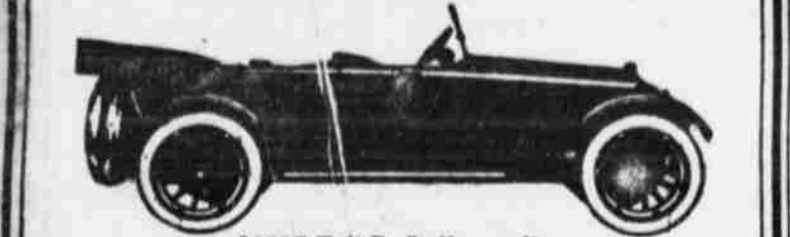

pains and discomfort when urinating,  
bloody, cloudy and stringy urine, too fre-  
quent or suppressed menses. All these  
are nature's danger signals to warn you  
of diseased kidneys or bladder, which  
may lead to fatal Bright's disease.  
Don't wait until the danger is upon you.  
Go to your druggist at once. Get a trial  
box of GOLD MEDAL Haasium Oil Caps-  
ules. They are made of the pure, origi-  
nal Haasium Oil, the kind your great-  
grandmother used. About two capsules  
each day will keep you toned up and  
feeling fine. Money refunded if they do  
not help you. But remember to ask for  
the imported GOLD MEDAL brand.

## The Keen Joy of Rhythmic Flight

Eight superb huskies in rhythm of flight—obeying every cry of the "musher"—bounding as one dog in the traces.

Eight superb cylinders, their silent pistons leaping in even greater rhythm, give you the rush of might of this

**STANDARD**  
The Magneto Equipped "Eight"

A brilliant motor that tears its gasoline apart into every possible bit of energy. Hence spectacular speed whenever you want it—silken stealth whenever you need it—and long mileage on gas.  
The first "8" with magneto ignition. Hence an un-failing, infallible spark; hotter spark; keener power. Saves wire trouble. Saves drain on battery. Greater electrical reserve for lights, for starts.  
Wedge-shaped—hence the greater body strength

That comes from straight, stern, forward-converging structural lines. Built by masters of steel—and steel means everything to a motor car. Massive cushions dissolve the last traces of shock.  
The whole a thing of singular beauty. Fine hand-buffed leathers. Unusual hues blend into the quiet vision of charming color-schemes.  
Take a spin in a Standard "8" today, and you'll long to possess one.

## Find Rhythmic Mate At Dance: She Surely Is Right Girl for You

CAMBRIDGE, Mass., March 20.—If you are looking for the right girl, mister, why not try one of those ancient temples of Terpsichore which flourish in the bright lights, for Dudley A. Sargent of Harvard says girls are often brought together through the whirling of the dance?

Speaking before a body of dancing teachers, Dr. Sargent declared:

"When a young man finds himself in rhythm with just one girl and finds that he cannot dance with any other partner, he has found his rhythmic mate; he would better stop and think there are such things as rhythmic affinities."

"I can tell a woman's tempera-ment as soon as I see her dancing. She cannot hide her coar-ness or her refinement."

## Lift Out Your Corns ICE-MINT THE NEW DISCOVERY ENDS ALL Foot Troubles

This new discovery, made from a Japanese product, is certainly a wonder the way it draws out inflammation from a pair of swollen, burning, aching feet. It takes the soreness right out, then the corn or callous shrivels and lifts off.

Hard corns, soft corns or corns between the toes, just shrivel up and lift off so easy. It is wonderful. Just think! Not one bit of pain while applying ice-mint or afterwards. It doesn't even irritate the surrounding skin.  
You will never have to cut a corn again and run the risk of blood poisoning. Say good-bye to your old corn salve, plasters and bandaging tape, for that put corn of yours is sure to be a "runner" if it ever feels the magic touch of ice-mint.  
It imparts such a delightful, soothing, cooling feeling to the feet that you will sigh with relief.  
Ice-mint is the real Japanese secret for fine, healthy little feet. It prevents foot odors and keeps them sweet and comfort-able. It is greatly appreciated by women who wear high heel shoes.  
Just add in any drug store for a little ice-mint and give your poor, suffering, tired, swollen feet the treat of their lives. It costs little and there is nothing bet-ter.—Advt.

## MISS NANA SIGOURNEY TO HAVE JUNE WEDDING; WILL BE MRS. ROGER TOPP

Mrs. Thomas Ferguson Sigourney announces the engagement of her daughter, Nana Sigourney of No. 119 West Seventy-first Street, New York City, to Roger Topp of Las Vegas, N. M. Miss Sigourney was born in Los Angeles, Cal., and received her education at St. Mary's College, Forty-sixth Street, near Fifth Avenue, in this city. The wedding will take place in June.

## MISS COXE WEDS IN APRIL

Daughter of Mr. and Mrs. Macgrane Cox to be Naval Chaplain's Wife.  
Invitations have been issued for the wedding of Miss Elizabeth Davies Cox, daughter of Mr. and Mrs. Macgrane Cox, to Chaplain Truman Post Riddle, U. S. N., at St. George's Church on Saturday afternoon, April 21, at 4 o'clock, and there will be a reception at the home of the bride's parents, No. 110 West Fifty-ninth Street, at 5 o'clock. The bride is a great-granddaughter of the late Gen. Thomas L. Davies of Poughkeepsie and of the late Peter Townsend of Southfield. The bride-groom, originally from St. Louis, was graduated from Yale in 1910 and from the Union Theological Seminary in this city in 1913. He was for two years an assistant minister at St. George's Church, New York, and is now a chaplain in the United States navy, at present on board the super-dreadnought Pennsylvania, the flagship of the Atlantic fleet. The bride's father, Macgrane Cox, is President Cleveland's second Adminis-tration, was United States Minister to Guatemala and Honduras, and for years has been one of the United States ref-errees in bankruptcy for this district.

## Notes in Society

The wedding of Miss Natalie Wil-mer Wood, daughter of Mr. and Mrs. J. Walter Wood of No. 118 East Sixty-fifth Street, and Francis D. White, son of the late Mr. and Mrs. John White, will take place on April 13 in the Church of St. Ignace Loy-ola.

Ambassador and Mrs. Gerard will be entertained at dinner by Mr. and Mrs. Cornelius Vanderbilt on Tues-day evening, March 27.

Mr. and Mrs. Frederick D. Under-wood of No. 177 West End Avenue announce the engagement of their daughter, Miss Helene H. Underwood, to William Lyman Campbell of Balti-more. The wedding will take place in July.

Mrs. Joseph A. Flannery of No. 813 Fifth Avenue gave a theatre party last night, taking her guests to see "Oh, Boy!" and afterwards to the Van der-bilt for the supper dance given by the New York Diet Kitchen Association.

Mr. and Mrs. Oliver de Lancy Cor-ter will give a dinner this evening at No. 51 East Fifty-sixth Street.

Mr. and Mrs. Ernesto G. Fabbri are to have a musicale to-night at No. 7 East Ninety-fifth Street.

Mrs. Harriet Seymour gave the second of her series of musical morn-ings yesterday in the Waldorf-Astoria. Among the subscribers are Mrs. Al-berter Herter, Mrs. William Hazard, Mrs. George de Forest Brush, Mrs. Francis Bailey Howell and Mrs. Kenneth Fran-zier.

## SAFETY COUNCIL PROSPERS.

Began Three Years Ago, Spends \$100,000 a Year to Save Lives.  
The "Safety First" slogan has not gone unheeded in this country and Eu-rope, according to the annual report of the directors of the National Safety Coun-cil made at the Hotel Astor yesterday. Three years ago the council was or-ganized with five members and \$14,000 in the treasury; to-day there are 3,814 employing companies enrolled and 15,000 members representing 100 States in the Union and seven foreign countries, and the council has an annual budget of \$100,000 for propaganda.  
The next meeting of the council will be held here on Sept. 10 and 3,000 per-sons are expected to attend. Before this meeting several councils will be organized in New York and vicinity.  
The directors decided last night to issue bulletins to the 3,000,000 workmen employed by the firms and corporations who are members of the council, to urge them to support President Wilson in whatever measures may be necessary to defend the lives and property of Americans on land and sea.

## TO RAISE \$100,000 FOR THE HOWARD ORPHANAGE

Deaths of Many Southern Negroes Here of Cold Make Need of Funds Imperative.

The influx of 150,000 Southern ne-groes, brought here to relieve a shortage of labor, has made it neces-sary to enlarge the equipment of the Howard Orphanage and Industrial School for Colored Children at Kings Park, L. I. Scores of negro parents have died as a result of not being properly prepared for the colder cli-mate of the North, and consequently the number of orphans sent to the Long Island institution has increased greatly.

This situation, outlined at a meet-ing of business men at Delmonico's, No. 56 Beaver Street, yesterday after-noon, has started a movement to raise \$100,000 for the orphanage.

After the luncheon the committee met to discuss the final plans for a

## DEBUTANTES AID CHARITY.

Diet Kitchen Auxiliary Raises Funds for Milk Station.

Some of the season's debutantes are members of Auxiliary No. 1 of the New York Diet Kitchen Association, un-der the auspices of which a supper dance and bridge were given last night in the Della Hobbs room of the Van derbilt. The proceeds will be used in supporting one of the eight milk sta-tions maintained by the association in congested districts of the city.

Among the young women in charge were the Misses Dorothy Darrell, Syl-via Van Rensselaer, Louise Kildan, Katherine Turck, Honor S. Henry, Madeleine Mulqueen, Helen Bacon, Catherine Parsons, Mary St. John Harris, Amy Ewick, Martha Reynolds and Juliet T. Ford.

Object to Prof. Tansley.  
CHICAGO, March 20.—Officers of the Illinois Manufacturers' Associa-tion to-day sent telegrams to Sena-

tors Lewis and Sherman protesting against the new Tariff Commission and urging that a manufacturer should be named a member. Ob-jection is made to Prof. W. Tansley be-cause this many one-sided expres-sions demonstrate that he would not have the mind or disposition to be non-partisan on the tariff.

It strengthens and tones the digestive system. TRY a bottle this Spring

## MOVIE ACTRESSES AND THEIR HAIR

Did it ever occur to you that every movie actress you have seen has lovely hair, while the most popular count their curls as their chief beauty? In fact, many are leading ladies just because of their attractive locks. Inquiry among them discloses the fact that they bring out all the natural beauty of their hair by care-ful shampooing, not with any soap or makeshift, but with a simple mixture by putting a teaspoonful of castoria (which they get from the druggist) in a cup of hot water and applying this instead of soap. This full cup of shampoo liquid is enough so it is easy to apply it to the hair instead of just the top of the head. After its use, the hair dries rapidly with uni-form color. Dandruff, excess oil and dirt are dissolved and entirely disap-pear. The hair is so fluffy that it looks much heavier than it is, while its lustre and softness is delightful.

## Physicians Explain Why Women Need More Iron in Their Blood Today Than 20 Years Ago

Say Anaemia—Lack of Iron Is Greatest Curse to the Health, Strength, Vitality and Beauty of the Modern American Woman.

Dr. Howard James, late of the United States Public Health Service, says physicians should prescribe more organic iron—Nuxated Iron—to correct the great drain nature has placed upon women at certain periods and to supply the iron deficiency resulting from a demineralized diet now being served in thou-sands of homes. Opinions of Dr. Ferdinand King, New York Physician and Medical Author, and other physicians who have thoroughly tested the value of Nuxated Iron.

Any woman who tires easily, is nerv-ous or irritable, or looks pale, hag-gard and worn should at once have her blood examined for iron de-ficiency—administration of simple Nuxated Iron will often increase the strength and endurance of weak, nervous, careworn women 100 per cent. in two weeks' time.

"There can be no strong, healthy, beau-tiful, rosy-cheeked woman without iron," says Dr. Ferdinand King, a New York physician and medical author. "In my recent talks to physicians on the grave and serious consequences of iron de-ficiency in the blood of American women, I have strongly emphasized the fact that doctors should prescribe more organic iron—Nuxated Iron—for their nervous, run-down, weak, haggard-looking pa-tients. Pallor means anaemia. The skin of an anaemic woman is pale, the flesh flabby, muscular lack tone, the brain fails, and the memory fails, and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women the roses go from their cheeks."

"In the most common foods of America, the starches, sugars, table gruels, cereals, polished rice, white bread, soda crackers, macaroni, spaghetti, applesauce, eggs, fatless, desiccated corn-meal, to longer to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cook-ery, by throwing down the waste pipe the water in which our vegetables are cooked, are responsible for another grave iron loss. Therefore, if you wish to pre-serve your youthful muscles, tone, a ripe old age you must supply the iron deficiency in your food by using some form of organic iron. Just as you would use salt when your food has not enough salt."

Dr. Howard James, late of the United States Public Health Service, says in my opinion, organic iron is beyond question the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run-down instead of doing themselves harm by taking drugs, stimulants and alcoholic beverages, I am convinced that in this way they could ward off disease on thousands of cases and thereby save the lives of thousands might be saved with new life every year from pneumonia, grippe, influenza, liver, heart trouble and other dangerous mal-adies. The real, true cause which started their disease was nothing more than a lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a con-

## THE CHILD'S APPEAL | WHAT IS YOUR ANSWER?

Mother, why don't you take NUXATED IRON and be strong and well and have nice rosy cheeks instead of being so nervous and irritable all the time and looking so haggard and old-The doctor gave some to Susie Smith's mother and she was worse off than you are and now she looks years younger and feels just fine."

You can tell the women with plenty of iron in their blood—beautiful healthy rosy cheeked women full of Life, Vim and Vitality—while those who lack iron are often cross, nervous, irritable, weak, tired, complain-ing creatures whom nobody wants to have around.

NOTE—Nuxated Iron, which is prescribed and recommended by every physician in this country and who has been given many hono-rable titles in England, says: "I do not make practice of recommending advertised medicinal products, but have found Nuxated Iron so potent in nervous, run-down conditions, that I believe all should have it. The men and women of to-day need more iron in their blood than was the case twenty or thirty years ago. This because of the demineralized diet which now is served daily in thousands of homes and because of the demand for greater resistance necessary to offset the greater number of health hazards to be met at every turn."

At 80 he was in bad health; at 40 he was careworn and nearly all in now at 80 after taking nuxated iron, a miracle of vitality and his face beaming with the buoyancy of youth.

Dr. T. Alphonso Wallace, a physician of many years' experience in this country and who has been given many hono-rable titles in England, says: "I do not make practice of recommending advertised medicinal products, but have found Nuxated Iron so potent in nervous, run-down conditions, that I believe all should have it. The men and women of to-day need more iron in their blood than was the case twenty or thirty years ago. This because of the demineralized diet which now is served daily in thousands of homes and because of the demand for greater resistance necessary to offset the greater number of health hazards to be met at every turn."

Dr. B. Sauer, a Boston physician, who has studied both in this country and great European Medical Institutions, says: "I am a great believer in Nuxated Iron. It often acts almost like magic. Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man. In fact, a young man he really was, notwithstanding his age. The secret, he said, was taking Nuxated Iron. He had killed him with reserved life."
